| SECTI | ON 4. First aid measures          |          |  |  |  |
|-------|-----------------------------------|----------|--|--|--|
| 4.1.  | Description of first aid measures |          |  |  |  |
|       | General notes:                    |          | -  |  |  |
|       | Following inhalation:             |          | Carry the afflicted person out of the contaminated area into a well-<br>ventilated area or out for fresh air. If breathing becomes erratic or it<br>stops, immediately apply artificial respiration (other than mouth-to-<br>mouth) and contact a physician. |  |  |
|       | Following skin contact:           |          | Remove contaminated clothing. Immediately wash with plenty of water and soap. Seek medical assistance if the symptoms of irritation remain.  |  |  |
|       | Following eye contact:            |          | Rinse out with plenty of water with the eyelid held wide open using clean fingers. If the symptoms remain, immediately call a physician.   |  |  |
|       | Following ingestion:              |          | Do not induce vomiting. Make the afflicted person drink a glass of water. If spontaneous vomiting occurs, wash the mouth with water, then make the person drink 100-200 ml of water and seek medical attention.  |  |  |
|       | Self-protection of the first      | aider:   | Treat symptomatically.   |  |  |
| 4.2.  | Most important symptoms           | and effe | ects, both acute and delayed   |  |  |
|       | Following inhalation: No          |          | formation available  |  |  |
|       | Following skin contact:           | No in    | formation available  |  |  |
|       | Following eye contact:            | No in    | formation available  |  |  |
|       | Following ingestion:              | No in    | o information available  |  |  |
